# PISTOL TYPE GREASE GUN FOR 'WORKING AT HEIGHT'

## SDGG3SH

Pistol Type Grease Gun with a Flexi Hose and Fixed Nozzle for Working At Height. The pistol grip allows for one-handed operation for ease of use and the ergonomic non-slip grip proves comfortable during periods of long use.

### SPECIFICATION

The grease gun features 3 way loading (cartridge loading as well as dispenser and bulk loading) of a standard 14oz load. The grease gun has a working pressure of 4500 psi and weighs 1.6kg (3.6lb) unloaded. Our Pistol Type Grease Gun for Working At Height has a strong Die cast zinc head and rugged aluminium body for durability with a long life electroplated finish.

# FEATURES

## ATTACHMENT POINT

The grease gun features an attachment point upon the head designed to fit any Stopdrop Tooling lanyard. Cleverly located to allow full functionality without obstructing the view of the intended target area.

## LOCKED HEAD

The head of the grease gun is attached to the loading chamber with a welded stainless steel ring to prevent the 2 sections from ever becoming separated increasing the safety level when Working At Height.

## FLEXI HOSE & FIXED NOZZLE ATTACHMENTS

Included with each grease gun is our Flexi Hose and Fixed Nozzle. This is to make sure that you have the correct attachment for the task in hand. Both attachments can be tightened to the head with a 12mm wrench.

**Yellow Wire Coil Lanyard with locking screwgate carabiners**
