# 3/8" & 1/2" DRIVE TOOLING, SOCKETS & ACCESSORIES FOR WORKING AT HEIGHT

## TOOLING

The Stopdrop Tooling Socketry Tooling Range have been designed with the users for Working At Height. Each tool features a pin locking system to ensure that when tethered to a lanyard, the tooling used with Stopdrop Tooling extensions and sockets always stay as one piece. The Stopdrop Tooling socketry tooling range is used daily in global harsh environments has a proven history of the best in the world for tool drop prevention. The 1/2" drive ratchet also features dual lanyard attachment points to allow user preference.

**3/8" DRIVE  
RATCHET COMBINATION**

**1/2" DRIVE  
RATCHET COMBINATION**

**1/2" DRIVE  
SWIVEL HANDLE**

## SOCKETS

Stopdrop Tooling Sockets for Working At Height. Available in both imperial & metric sizes. Utilizes Stopdrop Tooling's pin locking mechanism which requires a Pin Removal Tool to prevent accidental disengagement. Each socket is colour coded and engraved with user id.

**3/8" DRIVE  
METRIC & IMPERIAL SOCKETS**

**1/2" DRIVE  
METRIC & IMPERIAL SOCKETS**

# EXTENSIONS

Our Extensions for Working At Height feature a pin locking mechanism for socket retention which locks the socket which can be released using a Pin Removal Tool. This useful addition to your socketry allows you to tighten/loosen nuts, bolts and fasteners in difficult to reach places or where access is limited when Working At Height.
